

THE RANCH AT *Bully Pulpit*

Nestled in the heart of the North Dakota Badlands near Medora, this distinctive event venue stands on the historic grounds of the former Eaton Brothers' Custer Trail Ranch, widely recognized as the birthplace of the American dude ranch experience. Established in 1879, the ranch welcomed visitors seeking an authentic taste of Western life and helped shape a tourism tradition that would spread across the American West.

Today, the Ranch at Bully Pulpit combines that rich heritage with a memorable setting for weddings, corporate retreats, reunions, and special events. Surrounded by the rugged beauty of the Badlands, it offers guests a unique blend of history, scenery, and Western charm.
